

RaceJoy Feature Navigation

To Start:

Open RaceJoy and find your race:

Featured Races contract with RaceJoy to offer you a premium race experience including features like official race progress alerts, immediate results and much more!

All Races includes events that may not have contracted with RaceJoy. We call these PhoneTrak Events and they offer a streamlined experience that includes live Phone Tracking and Send-a-Cheer. These are indicated by the RaceJoy logo.

Training Days is a way to track a person's phone while he or she is doing a training run or ride. You can also send fun, motivational audio cheer clips.

My Races is so that you can get quick access to your list of saved races.

Feature Navigation

RaceJoy Featured Races

Two ways to track participants:

1. Timing: Progress Alerts (free)
2. PhoneTrak: Live Map View (upgrade)

Timing

- **Timing Mat Progress Alerts**
- **Post Results to Social Media**
- **Race Results**

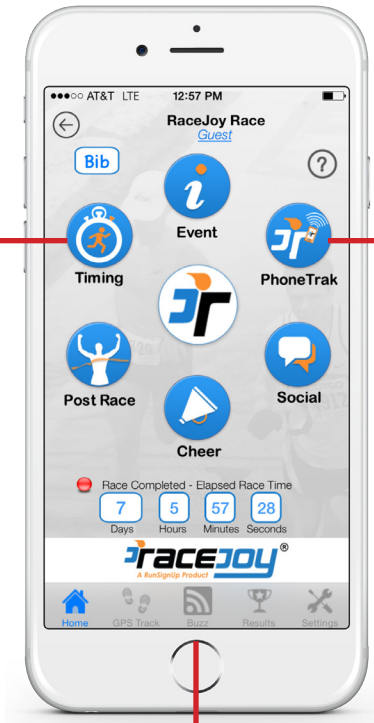

This is based on the race participant's BIB/ chip as they cross timing milestones on the course. There is no need to carry a phone for these timing results.

PhoneTrak

(upgrade)

- **Live Phone Tracking**
- **NearMe Alerts**
- **MeetUp**
- **Send-a-Cheer**

Track participant live in a map view. This not an estimator and is based the actual position of the participant's phone. Note: both the participant and spectator must purchase the upgrade to experience these features.

Buzz (Central Info Area)

- **View Progress Splits**
- **Replay Cheers**
- **Get Race News**

Event

Event: Find key race information like packet pickup, parking, places of interest, the race schedule, event registration and more.

Post Race

Post Race: Your go-to for awards, post race celebrations, your instant race results, race recovery tips and more.

Cheer

Cheer: Send and receive fun audio cheer clips, find spectator information like sign suggestions, great spectator viewing areas and more.

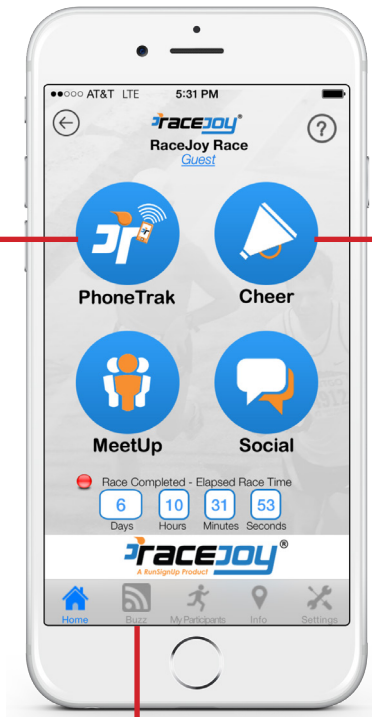

Note: See important iPhone settings on the next page.

RaceJoy PhoneTrak Races

PhoneTrak

- **Live Phone Tracking**
- **GPS Progress Alerts**
- **NearMe Alerts**
- **MeetUp**
- **Send-a-Cheer**

Track participant live in a map view. This not an estimator and is based the actual position of the participant's phone. Note: both the participant and spectator must purchase the upgrade to experience these features.

Cheer

Send entertaining, motivational audio cheer clips with RaceJoy's Send-a-Cheer.

Buzz (Central Info Area)

- **Replay Cheers**
- **Review NearMe Alerts**
- **Read RaceJoy News**

*RaceJoy's PhoneTrak Races may not be officially affiliated with the race event. For PhoneTrak features to function properly, both the race participant and the spectator must purchase the PhoneTrak upgrade for less than a dollar per person.

Apple Phone Settings

1. **Notifications:** Your device's notifications must be **ON** for RaceJoy, including Sounds, to receive progress alerts and cheers.
2. **Location Services:** The device you wish to have tracked must have Location Services **ON** for live phone tracking. **iOS8 users** must have Location Services **ALWAYS ON** for tracking to function (not "While Using"). Go to Privacy/Location Services to verify.
3. **Background App Refresh:** General phone setting Background App Refresh must be **ON** for GPS tracking to stay enabled.

Apple does not allow RaceJoy to override your settings. Please ensure these are enabled so that you can experience RaceJoy's mobile features.
